Mr. Wm. A. Kearney ..

Contest Which Means Autos, Pianos, Grafonola, District Prizes, or Cash Commissions Is Business Proposition. Candidates Cannot Win Unless They Show Interest.

The world being made up of all sorts of men, women and children whose lives, pleasures and temperaments are as rastly different as their occupations, it is impossible to please them all, even in the smallest community, much less in a great city like Washington and the prosperous surrounding territory. Therefore, in planning the "50,000 Club," The Washington Herald did not hope to please everyone, but wanted to try to reach the hearts of as many ambitious people as possible by offering prizes that would be suitable for all ages.

This is why The Herald caused con-

This is why The Herald caused considerable time and money to be spent in naugurating and planning the subscrip-lion campaign. The aim was to secure prizes that would come as near as pos-tible to pleasing every candidate. How well The Herald has succeeded remains to be seen, for the competition is still one candidate will win the \$1,250

Will win the \$815 Saxon "5;" another will win the \$815 Saxon "5;" the third highest wins the Maxwell "25." The fourth highest will win the \$850 Bradbury Player Plano; the fifth highest, the \$500, highest Player Plano; the fifth highest, the \$200, Chickering Plano and the sixth highest rote getter will win a \$360 Columbia Brafonola. After the grand prizes have been awarded, the candidate polling the highest number of votes in each district will receive \$100 worth of fine furniture. The second, third and fourth district prizes are merchandize orders on local procedures.

In case you do not win one of the fity prizes and are active to the close of the campaign, you will be paid a cash commission of 10 per cent on all new subscriptions. subscriptions turned in.

new subscriptions turned in.
So it does seem that, with the great variety of prizes offered, it should not be a difficult task for any individual to discover an article worth while in the list which contains something appropriate and useful to men and women in all walks of life.

The "50,000 Club" is not a something-for-nothing scheme, but a plain business proposition. The Washington Herald believes in going at things in a business-like way. It pays for what it gets, and pays well, too.

what it gets, and pays well, too Therefore, when it enters a campaigr for circulation it deals directly with the candidates who take part in it

the candidates who take part in it. In this way it knows that every one gets fair and square treatment.

This newspaper is after circulation and is willing to pay the candidates who get it for the paper, by giving ample values for their efforts.

A candidate cannot get an automobile, household furniture, merchandise or a cash commission without some effort. He or she must work for it, but it is markly extra effort for which the candiherely extra effort for which the candi-ate receives a good clean profit. Extra fort lies dormant in everyone, and is a of profit, whenever used. All pe arry a surplus of it, which can be to no account, or it can be mad-id a profit. Every time you us-ctra effort in response to this offe extra effort you will have an auto oile, a piano or some of the less oile, a piano or some of the less prizes. It simply depends on the quanti-of extra effort used, but you wil ge-something of extraordinary value for your extra effort.

#### Pennsylvania Man Thankful

Mr. C. E. Brooks,

Marshall, Mich.

Dear Sir:—

Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on; it just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spot, no matter what position I was in.

It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it.

My rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers. I am.

Yours very sincerely,
